

This is comprehensive list of tunes that D'Groove has performed over the years. The average band learns more than 500 tunes in the course of it's life. If you have a specific song in mind that you do not see on this list, please contact the band leader and inquire about the availability of your special request.

Since D'Groove strives to always keep their set list fresh and flavorful, the band continues to add tunes on a regular basis. Although the band specializes in "reading" their audience and playing songs they know to best suit the crowd, we encourage you to look at the list and let us know if you have absolute favorites or absolute "do not play" requests.
